**THE NIGHTMARE HAS BEGUN**

Five friends set out for a weekend camping excursion, to drink, frolic and skinny-dip on an isolated piece of land one of them has inherited. Despite ominous warnings from local forest ranger (GEORGE KENNEDY, AIRPORT, DEATHSHIP), strange backwoods families, and a hollering drunken hunter (Mike Kellin, SLEEPAWAY CAMP) claiming to have witnessed his friend's evisceration by the hands of "Demons", they trek further into the foliage. Beautifully shot, extremely eerie, and with a horrifying twist that will make you wonder...Will any of them survive those dark hours

*Just Before Dawn?* Starring Gregg Henry (MEAN DOG BLUES, RICH MAN POOR MAN), Deborah Benson (SEPTEMBER 30, 1955), Jamie Rose (TV's LADY BLUE), Chris Lemmon (TV's THUNDER IN PARADISE), and Ralph Seymour (UNDERGROUND ACES). CODE RED proudly presents **JUST BEFORE DAWN** painstakingly restored from the original 35mm Intermegative.
